

STRONGARM[®]

GAS CHARGED LIFT SUPPORTS

APPLICATION + BUYER'S GUIDE

STRONGARM®

GAS CHARGED LIFT SUPPORTS

The Easy to Install Lift Support.

StrongArm® gas charged lift supports offer best-in-class coverage for everywhere your customer's vehicle needs a lift. Safe, secure and easy to install, StrongArm® delivers like new performance and reliability.

Engineered to Last

- ✓ Provides smoother operation
- ✓ Delivers longer lasting performance
- ✓ Direct fit, OEM replacement designs

StrongArm® Lift Support Features And Technologies:

- Rust Resistant Finish**
A quality rust resistant finish is applied to provide long lasting, corrosion free operation and appearance.
- Heavy Gauge Steel Body**
Electrostatically painted and heat cured to original equipment specification.
- Self-Cleaning Piston Assembly**
Provides smooth operation and more reliable performance.
- Rubber O-Ring Piston Seal**
Optimal hydraulic seal preventing fluid leakage around the piston for controlled lift and consistent performance.
- Specially Engineered Upper Bushing**
Manufactured with quality precision providing exact fit with piston rod and promotes longer operating life.
- Non-Stick Back-Up Ring**
Enhances performance through improved oil and gas pressure sealing.
- Hardened Nitride Plated Steel Shaft**
Provides optimal durability.

Engineered in US to OE quality standards for performance and durability

1 year limited warranty

IATF 16949, ISO 9001 certified; passes extensive quality checks and testing

GENERAL INFORMATION

INFORMACIÓN GENERAL / INFORMATIONS GÉNÉRALES

The Original and #1 Aftermarket Seller of Gas Charged Lift Supports

Gas charged lift supports are energy storage devices which create energy by compressing gas inside a cylinder. When closed, the energy is stored. When opened, the energy is released to raise hoods, trunks and hatches and hold them safely in an open position. To ensure safe and effective operation, the lift support must match the specific application. That's why StrongArm® custom engineers each support to a specific vehicle application and assures you of the right fit every time.

El vendedor original y el primero en ventas del mercado de repuestos para soportes elevadores a gas

Los soportes elevadores de gas son dispositivos que almacenan energía al comprimirse el gas en el interior de un cilindro. Cuando están cerrados, la energía permanece almacenada. Cuando se abren, la energía se libera y permite abrir capós, cajuelas y puertas traseras y mantenerlos en posición abierta con firmeza y seguridad. Para asegurar que la operación sea segura y eficaz, el soporte elevador debe ser apto para la tarea específica. Por ello, StrongArm® diseña cada soporte para cada aplicación particular, garantizándole una integración perfecta en cada oportunidad.

Le premier fournisseur des supports de soulèvement à gaz d'origine et de l'après-vente

Les supports élévateurs à gaz sont des dispositifs qui emmagasinent l'énergie en comprimant un gaz à l'intérieur d'un cylindre. Lorsque le support est comprimé, l'énergie s'y accumule. Lorsque le support est détendu, l'énergie est libérée afin de maintenir ouvert en toute sécurité un capot, un couvercle de coffre ou un haillon. Pour assurer un fonctionnement sécuritaire et efficace, les supports doivent être adaptés aux applications spécifiques. C'est pourquoi les ingénieurs de StrongArm® ont conçu des supports élévateurs en fonction des exigences et du type d'installation de votre véhicule.

We are adding new numbers and applications all the time. Please visit us at www.StrongArmLiftSupports.com if you don't find your application listed.

- Always replace both lift supports when applicable to assure top performance and prevent twisting caused by uneven loading.
- StrongArm® gas charged lift supports typically store a gas charge of over 1500 psi and cannot be compressed by hand.
- StrongArm® gas charged lift supports can be installed in minutes with no special tools required.
- Careful inspection of all hinges and lift support connecting points should be made for wear and tear or stress fractures and should be replaced or repaired before lift supports installation.
- Design of lift support is subject to change without notification.

Agregamos nuevos números y aplicaciones todo el tiempo. Si no encuentra su aplicación en esta lista, visítenos en www.StrongArmLiftSupports.com.

- Siempre cambie ambos soportes elevadores, si están instalados por pares, para asegurar un desempeño óptimo y evitar torceduras causadas por la carga desigual.
- Típicamente, los soportes elevadores de gas StrongArm® almacenan una carga de gas de más de 1500 psi y no pueden comprimirse manualmente.
- Los soportes elevadores de gas StrongArm® pueden instalarse en cuestión de minutos sin necesidad de herramientas especiales.
- Deben inspeccionarse todas las bisagras y puntos de conexión del soporte elevador para detectar posibles desgastes o fracturas por tensión, y deben cambiarse antes de instalar los soportes elevadores.
- El diseño del soporte elevador está sujeto a cambios sin previo aviso.

Nous ajoutons de nouvelles références et applications en permanence. Veuillez visiter le site www.StrongArmLiftSupports.com si vous ne trouvez pas l'application que vous recherchez.

- Toujours remplacer les deux supports élévateurs afin d'assurer un fonctionnement optimal et d'éviter les effets de torsion induits par une poussée inégale.
- Les supports élévateurs à gaz StrongArm® peuvent emmagasiner une pression d'environ 1500 lb/po2 et, de ce fait, ne sont pas compressibles à la main.
- Les supports élévateurs à gaz StrongArm® s'installent en quelques minutes et sans outils spéciaux.
- Il convient de vérifier attentivement les charnières et points de fixation des éléments au véhicule.
- Rechercher particulièrement des traces d'usure, de fatigue, des fractures ou des fissures. Toute anomalie doit être corrigée avant d'installer les nouveaux supports.
- La conception des supports peut changer sans préavis.

INSTALLATION GUIDE

GUÍA PARA INSTALACIÓN / GUIDE D'INSTALLATION

Installation Instructions

1. Turn off ignition. If old lift support has a window defogger electrical connector, carefully disconnect the fittings.
2. Before removing old lift supports, examine any hardware provided to determine which components must be reused.
3. Have someone hold the hatch, hood, trunk or rear window open while replacing the lift support.
DO NOT USE A PROP ROD.
4. Do not remove both lift supports at the same time. Replace one, then remove and replace the second one.
5. The new lift support must be installed in the same position as the old one which was removed, unless otherwise instructed. Do not nick or scratch chrome rod.
6. Compare the end connectors of your lift support to the illustrations provided and see additional instructions on the next page.

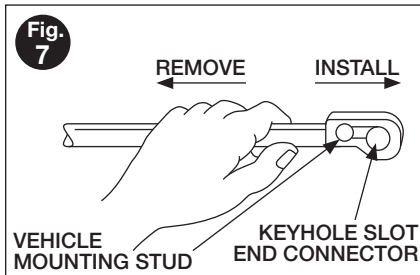

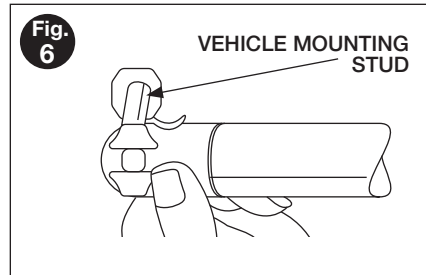

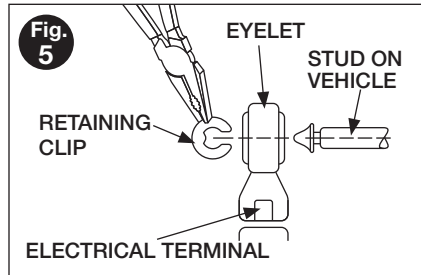

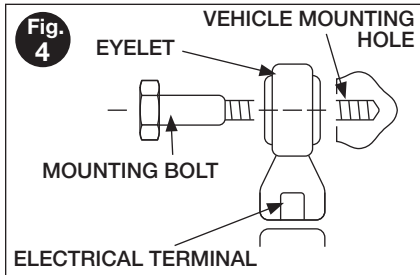

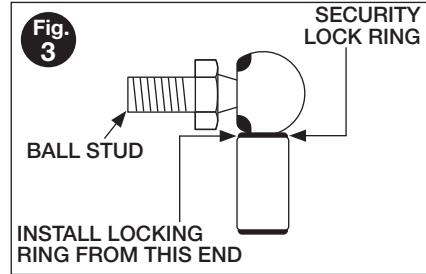

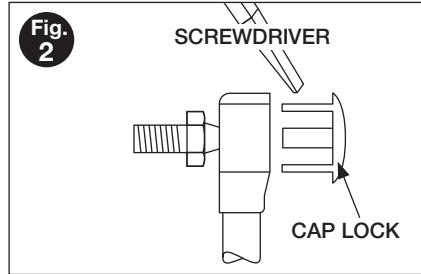

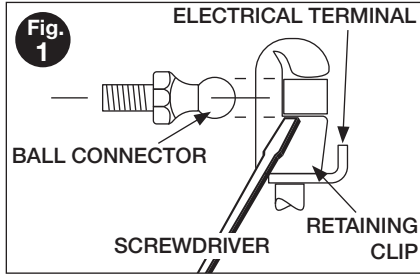

Instrucciones de instalación

1. Desconecte el encendido. Si el soporte elevador usado tiene un conector eléctrico para el desempañador de la ventana, desconéctelo con cuidado.
2. Antes de desmontar los soportes elevadores usados, revise los componentes para determinar cuáles deben reutilizarse.
3. Pida a alguien que mantenga abierta la puerta trasera, el capó, la cajuela o la ventana trasera mientras cambia el soporte elevador. **NO USE UNA VARILLA DE APOYO.**
4. No quite ambos soportes elevadores al mismo tiempo. Cambie primero uno y, después, desmonte y reemplace el segundo.
5. El nuevo soporte elevador debe instalarse en la misma posición que el usado, a menos que las instrucciones indiquen lo contrario. No marque ni raye el vástago cromado.
6. Compare los conectores terminales de su soporte elevador con las ilustraciones suministradas y consulte las instrucciones de la próxima página.

Directives d'installation

1. Couper le contact. Si l'ancien support élévateur est doté d'un connecteur électrique de lunette chauffante, débrancher le connecteur avec précaution.
2. Avant de retirer les fixations de l'ancien support élévateur, vérifier la quincaillerie fournie et déterminer celle qui sera réutilisée au montage.
3. Demander l'aide d'une personne pour maintenir le haillon, le capot ou le couvercle de coffre ouvert pendant le retrait des supports élévateurs. **NE PAS UTILISER DE TIGE OU DE BÉQUILLE.**
4. Ne pas retirer les deux supports élévateurs au même moment. Remplacer d'abord un des supports, puis remplacer l'autre support.
5. Sauf avis contraire, les nouveaux supports doivent être installés dans la même position que les anciens. Attention de ne pas endommager ou rayer la tige chromée du support.
6. Comparer les extrémités (points de fixation) de vos supports élévateurs aux illustrations fournies et consulter les instructions complémentaires.

INSTALLATION GUIDE

Removable Ball Connectors – Figures 1 2 3

- Remove old lift support by prying the retaining ring, cap lock or the security lock ring.
- Press new lift support onto ball stud and properly install retainer.

Eyelet Connector – Figures 4 5

- Remove old lift support by unscrewing the mounting bolt or removing the retaining clip. Install new lift support by reusing mounting bolt or retaining clip.
- Remove old lift support by prying the retaining clip off. Install new lift support by pressing against the vehicle mounting stud until the retaining clip snaps into place.

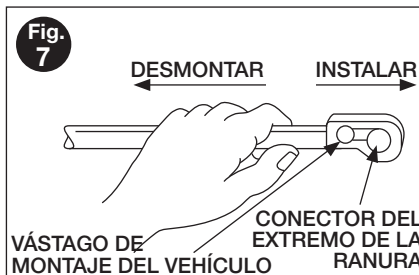

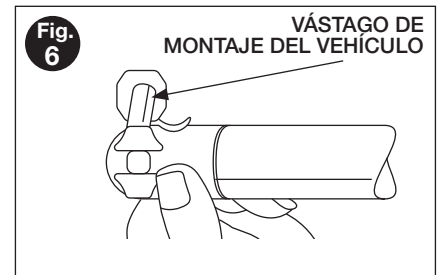

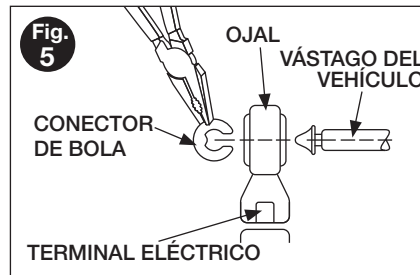

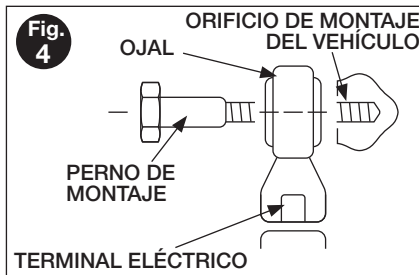

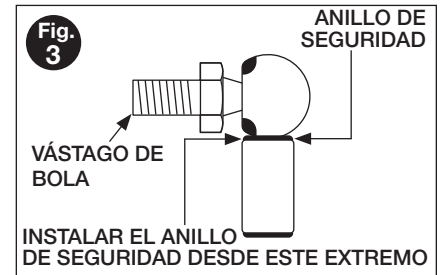

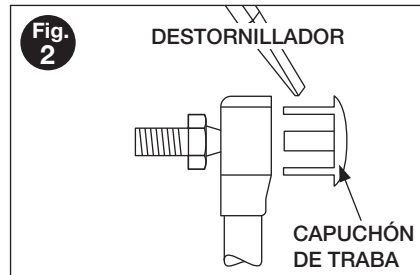

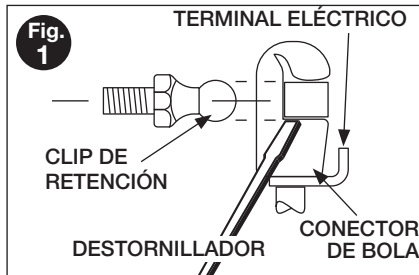

Eyelet Connector with Retaining Clip – Figure 6

- Remove old lift support by prying the retaining clip off.
- Install new lift support by pressing against the vehicle mounting stud until the retaining clip snaps into place.

Keyhole Slot Connector – Figure 7

- Slide the lift support so the keyhole slot can be lifted off the vehicle mounting stud.
- Install the new lift support by sliding the keyhole slot over the vehicle mounting stud.

GUÍA PARA INSTALACIÓN

Conectores de bola desmontables – Figuras 1 2 3

- Quite el soporte elevador usado haciendo presión sobre el anillo de retención, el capuchón de traba o el anillo de seguridad.
- Presione el nuevo soporte elevador sobre el vástago de bola e instale el retenedor correctamente.

Conector de ojal – Figuras 4 5

- Retire el soporte elevador usado desatornillando el perno de montaje o quitando la abrazadera de retención. Instale el nuevo soporte elevador reutilizando el perno de montaje o la abrazadera de retención.
- Quite el soporte elevador usado haciendo palanca en la abrazadera de retención para quitarla. Coloque el soporte elevador nuevo presionando contra el vástago de montaje del vehículo hasta que la abrazadera de retención entre a presión.

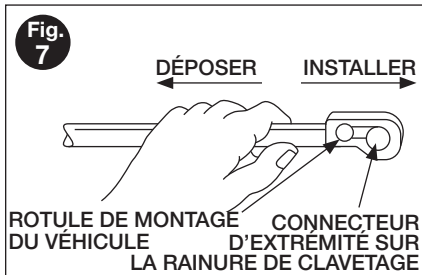

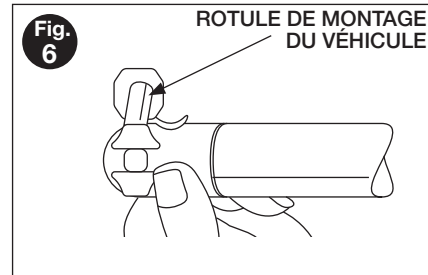

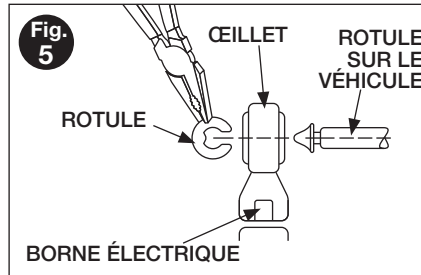

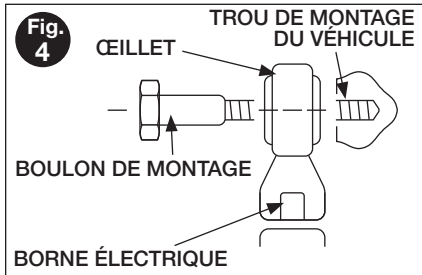

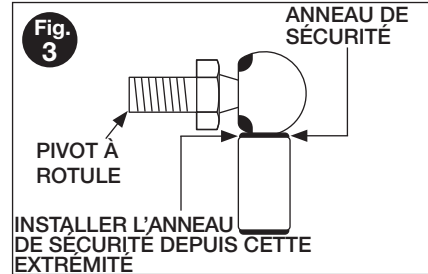

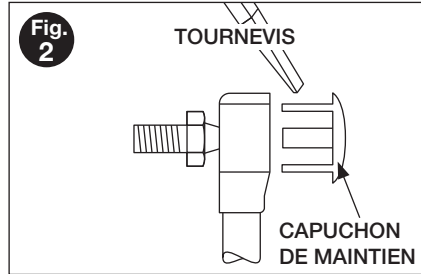

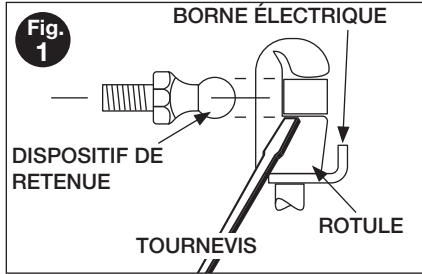

Conector de ojal con abrazadera de retención – Figura 6

- Quite el soporte elevador usado haciendo presión sobre la abrazadera de retención para quitarla.
- Coloque el soporte elevador nuevo presionando contra el vástago de montaje del vehículo hasta que la abrazadera de retención entre a presión.

Conector de ranura – Figura 7

- Deslice el soporte elevador de manera que la ranura pueda levantarse y quitarse del vástago de montaje del vehículo.
- Instale el nuevo soporte elevador deslizando la ranura sobre el vástago de montaje del vehículo.

GUIDE D'INSTALLATION

Montage par rotule démontable — Figures 1 2 3

- Retirer l'ancien support en écartant le dispositif de retenue (segment de retenue, capuchon de maintien ou anneau de sécurité).
- Engager le nouveau ressort sur la rotule et poser le dispositif de retenue.

Montage par oeillet — Figures 4 5

- Retirer l'ancien support en dévissant le boulon ou en retirant l'agrafe.
- Poser le nouveau support en réutilisant le boulon ou l'agrafe.

Montage par oeillet avec agrafe — Figure 6

- Retirer l'ancien support en écartant l'agrafe.
- Poser le nouveau support en appuyant à l'endroit de la rotule sur le véhicule jusqu'à l'engagement de l'agrafe.

Montage par rainure de clavetage — Figure 7

- Faire glisser le support de façon que la rainure de clavetage puisse être libérée de la rotule de montage sur le véhicule.
- Poser le nouveau support en glissant la rainure de clavetage sur la rotule de montage du véhicule.

For PIU Camper Caps, Tool Boxes & Custom Applications / Para tapas de caravanas pick-up, cajas de herramientas y usos personalizados / Pour auto-caravane, boîtes à outils et les applications personnalisées

How to Select a Gas Charged Lift Support

- Measure Extended Length **A**
- Measure Compressed Length **B**:
If the spring cannot be compressed, measure the exposed shaft length **C**
- Identify end connector type **D**
- Capture all markings on the tube
- Special note pressure xxx#s or xxxN: The conversion from Newton's "N" to pounds is (xxxN/ 4.45)
- Select part number needed from specification chart

What if you are missing some key information?

- Identify application type: Tool box, truck cap, tonneau cover, sun bed, boat hatch, etc.
- Identify brand of application: Delta, Knaack, Snug Top, Bay Liner, etc.
- Call StrongArm® Tech Line at 800-790-5438

Important Facts to Remember:

- Gas springs cannot always be compressed by hand
- Replace as pairs as applicable
- Install new lift supports in the same orientation as the old ones

Universal lift supports are not application specific and they should be used only when design/application criteria is known.

Cómo seleccionar un soporte elevador de gas

- Mida la longitud extendida **A**
- Mida la longitud comprimida **B**:
Si no es posible comprimir el muelle, mida la longitud expuesta del tubo **C**
- Identifique el tipo de conector en el extremo **D**
- Registre todas las marcas en el tubo
- Tome nota, en especial, de la presión xxx#s o xxxN: La conversión de newtons ("N") a libras es (xxx N/4.45)
- Seleccione el número de parte que necesite de la tabla de especificaciones

¿Qué sucede si falta algún dato importante?

- Identifique el tipo de aplicación: Caja de herramientas, tapa trasera de camioneta, cubierta de la capota trasera, tumbona, escotilla de embarcación, etc.
- Identifique la marca de la aplicación: Delta, Knaack, Snug Top, Bay Liner, etc.
- Llame al soporte técnico de StrongArm® al 800-790-5438

Información importante que debe recordar:

- Los muelles de gas no siempre pueden comprimirse manualmente
- Deben cambiarse por pares según, sea pertinente
- Instale los nuevos soportes elevadores con la misma orientación que los anteriores

Los soportes elevadores universales no son para aplicaciones específicas y únicamente deben usarse cuando se conozcan los criterios de diseño y aplicación.

Comment choisir un support élévateur à gaz

- Mesurer la longueur étendue (tige sortie) **A**
- Mesurer la longueur comprimée (tige rentrée) **B**: S'il n'est pas possible de comprimer le support, mesurer la longueur de tige apparente **C**
- Identifier le type de point de fixation **D**
- Noter toutes les inscriptions sur le cylindre
- Valeurs de pression : xxx lb ou xxx N: Conversion des valeurs en Newton aux valeurs en livres = (xxxN/ 4.45)
- Sélectionner le numéro de pièce nécessaire à partir du tableau des spécifications

Que faire s'il manque des renseignements importants?

- Identifier l'application : Coffre à outils, capot de camion, couvre-caisse, lit de bronzage, écouteille de bateau, etc.
- Identifier la marque de l'application : Delta, Knaack, Snug Top, Bay Liner, etc.
- Appeler le soutien téléphonique StrongArm® au 800-790-5438

Autres facteurs importants :

- Il n'est pas toujours possible de comprimer à la main un support à gaz
- Toujours remplacer les deux supports à gaz à la fois
- Installer les nouveaux supports à gaz dans le même sens que les anciens

Les supports élévateurs à gaz à couverture universelle ne sont pas conçus pour une application marginale et doivent être choisis uniquement lorsque les valeurs de conception et les exigences de l'application sont connues.

UNIVERSAL COVERAGE

COBERTURA UNIVERSAL / COUVERTURE UNIVERSELLE

What makes StrongArm® universal different?

We have custom designed our parts to fit a range of lengths and pressures that maximize the efficiency of each size range; there is no need to have an exact match to an existing part.

- Choose a group size that most closely matches the length of your existing part number.
- Choose a pressure that is rounded up to the next pressure offering.
- Choose a connector that resembles your current connector type.

¿En qué se diferencian los elevadores universales StrongArm®?

Hemos diseñado nuestras piezas de forma personalizada para que se adapten a una gama de longitudes y presiones que optimizan la eficacia de cada línea de tamaños; no es necesario tener una equivalencia exacta con la pieza existente.

- Elija el tamaño grupal que más se acerque a la longitud de su número de parte existente.
- Elija una presión que esté redondeada hacia arriba, al siguiente valor de presión.
- Elija un conector que se asemeje al tipo de conector que usa actualmente.

Qu'est-ce qui rend le système universel de support élévateur StrongArm® si différent?

Nous avons personnalisé nos pièces pour qu'elles conviennent à une multitude de longueurs et de pressions dans toutes les gammes de taille pour une efficacité maximale; il n'est pas nécessaire d'avoir une correspondance exacte à une pièce existante.

- Choisir une taille de groupe se rapprochant le plus de la longueur de votre numéro de pièce existant.
- Choisir une pression arrondie à la prochaine valeur de pression supérieure.
- Choisir un connecteur qui ressemble à votre type de support actuel.

MPS hardware completes the job.

- Designed with multiple attachment holes, and slotted mounting grooves
- Mix and match – perfect for new and retrofit applications
- Heavy gauge steel provides secure installation
- Can be purchased with or without lift supports

Los componentes MPS completan la tarea

- Diseñados con diversos orificios de conexión y ranuras acanaladas de montaje
- Combinación y coincidencia: ideales para aplicaciones nuevas y adaptaciones
- El acero grueso ofrece una instalación segura
- Pueden comprarse con o sin los soportes elevadores

La quincaillerie MPS complète le travail

- Conçue avec de multiples orifices et rainures de fixation
- S'Assortit parfaitement aux applications nouvelles et de mise à niveau
- L'acier de haut calibre procure une installation sécuritaire
- Peut être achetée avec ou sans supports élévateurs

Group 20 - Replaces Gas Springs with an Extended Length of 19.5" to 20.5" (Continued)						
D6961	20.0	12.0	150	667	Ball Socket (Nylon) 10mm	Ball Socket (Nylon) 10mm
D6962	20.0	12.0	45	200	Ball Socket (Nylon) 10mm	Ball Socket (Nylon) 10mm
D6968	20.0	12.0	105	467	Ball Socket (Nylon) 10mm	Ball Socket (Nylon) 10mm
D6975	20.0	12.0	26	115	Ball Socket (Nylon) 10mm	Ball Socket (Nylon) 10mm
D6976	20.0	12.0	35	155	Ball Socket (Nylon) 10mm	Ball Socket (Nylon) 10mm
Group 21 - Replaces Gas Springs with an Extended Length of 20.5" to 21.5"						
D6997	21.0	13.0	65.0	289	Ball Socket (Nylon) 10mm	Ball Socket (Nylon) 10mm
Group 23 - Replaces Gas Springs with an Extended Length of 22.5" to 23.5"						
C6947	23.0	14.0	112	498	Ball Socket (Nylon) 10mm	Ball Socket (Nylon) 10mm
C6977	23.0	14.0	45	200	Ball Socket (Nylon) 10mm	Ball Socket (Nylon) 10mm
E6956	23.0	14.0	75	333	Ball Socket (Nylon) 10mm	Ball Socket (Nylon) 10mm
Group 26 - Replaces Gas Springs with an Extended Length of 25.5" to 26.5"						
C6940	26.0	15.1	60	266	Ball Socket (Nylon) 10mm	Ball Socket (Nylon) 10mm
C6941	26.0	15.1	80	355	Ball Socket (Nylon) 10mm	Ball Socket (Nylon) 10mm
C6978	26.25	15.75	80	355	Ball Socket (Nylon) 10mm	Ball Socket (Nylon) 10mm
C6983	26.25	15.75	90	400	Ball Socket (Nylon) 10mm	Ball Socket (Nylon) 10mm
C4567	26.32	16.08	85	378	Ball Socket (Steel) 13mm	Ball Socket (Steel) 13mm
Group 28 - Replaces Gas Springs with an Extended Length of 27.5" to 28.5"						
B7031	27.5	15.9	40.0	177	Ball Socket (Nylon) 10mm	Ball Socket (Nylon) 10mm
B6942	28.0	16.75	96	427	Ball Socket (Steel) 13mm	Ball Socket (Steel) 13mm
B6943	28.0	16.75	115	511	Ball Socket (Steel) 13mm	Ball Socket (Steel) 13mm
B6944	28.0	16.75	145	644	Ball Socket (Steel) 13mm	Ball Socket (Steel) 13mm
B6980	28.0	16.75	260	1156	Ball Socket (Steel) 13mm	Ball Socket (Steel) 13mm
Group 29 - Replaces Gas Springs with an Extended Length of 28.5" to 29.5"						
B6951	28.62	20.62	184	818	Ball Socket (Nylon) 10mm	Ball Socket (Nylon) 10mm
B4571	28.9	21.67	70	311	Ball Socket (Nylon) 10mm	Captive Ball (Nylon)
B4570	29.05	25.15	114	507	Ball Socket (Nylon) 10mm	Ball Socket (Nylon) 10mm
B6953	29.12	20.37	146	649	Blade (13.04mm Dia. Hole)	Ball Socket (Nylon) 10mm
B4568	29.5	17.5	85	378	Ball Socket (Steel) 13mm	Ball Socket (Steel) 13mm
Group 32 - Replaces Gas Springs with an Extended Length of 31.5" to 32.5"						
A7082	32.5	20.5	85.0	378	Ball Socket (Steel) 13mm	Ball Socket (Steel) 13mm
Group 35 - Replaces Gas Springs with an Extended Length of 34.5" to 35.5"						
A4281	35.25	19.85	84	373	Ball Socket (Nylon) 10mm	Ball Socket (Nylon) 10mm
Hardware Items						
SA3000					10mm Ball Stud Kit	
SA3001					13mm Ball Stud Kit	
SA3002					Shoulder Stud Kit	
SA3100					3 Hole Bracket	
SA3101					2 Hole Bracket	
SA3102					Flush Mount Bracket	

PRODUCT INFORMATION

INFORMACIÓN DEL PRODUCTO / INFORMATIONS PRODUIT

Heavy Gauge Steel Body is electrostatically painted and heat cured to original equipment specification.

El grueso cuerpo de acero se somete a pintado electrostático y tratamiento térmico según especificaciones originales.

La peinture des tubes en acier de fort calibre est appliquée par procédé électrostatique et cuite au four selon les exigences des équipementiers.

Self Cleaning Piston Assembly automatically opens during each compression cycle to keep orifice clear of fluid contaminants and provide smoother operation and more reliable performance.

El pistón de limpieza automática se abre automáticamente durante cada ciclo de compresión, para evitar el ingreso de contaminantes del fluido al orificio y proporcionar una operación más suave y un desempeño más confiable.

Le piston autonettoyant s'ouvre automatiquement à chaque cycle de compression pour garder l'orifice propre et assurer un fonctionnement doux et fiable.

Rubber O-Ring Piston Seal is the most effective type of hydraulic seal – helps prevent fluid leakage around the piston, forcing the fluid to pass efficiently through piston valving components, providing controlled lift and consistent performance.

La junta tórica de caucho del pistón es el tipo más eficaz de sello hidráulico: ayuda a evitar fugas de fluido alrededor del pistón, forzando al fluido a atravesar los componentes de las válvulas del pistón de manera eficiente, proporcionando así una elevación controlada y un desempeño uniforme.

Le joint torique en caoutchouc du piston, qui constitue la méthode d'étanchéité hydraulique la plus efficace, aide à prévenir les fuites autour du piston et force le liquide à traverser ses orifices d'écoulement afin d'offrir une ouverture contrôlée et uniforme.

Unique, Patented Multi-Lobe Seal makes StrongArm® gas springs more tolerant to shaft imperfections, vibration, temperature extremes, and shaft contamination. Precision ground and polished for superior corrosion resistance and leak-free sealing.

El exclusivo sello patentado de lóbulos múltiples hace que los muelles de gas StrongArm® sean más resistentes a las imperfecciones del eje, las vibraciones, las temperaturas extremas y la contaminación del eje. Gracias al esmerilado y pulido de precisión, exhibe una excelente resistencia a la corrosión y un sellado hermético.

Joint multilobé unique breveté rendant les vérins au gaz du StrongArm® plus adaptables aux imperfections de la tige de piston, à la vibration, aux températures extrêmes et à la contamination du piston. Joints d'étanchéité prépolis et polis avec précision pour une résistance supérieure à la corrosion et aux fuites.

Upper Bushing is manufactured with bearing quality precision to provide exact fit with piston rod and promote longer operating life.

El buje superior está fabricado con precisión de calidad tipo cojinete y proporciona un ajuste perfecto con el vástago del pistón, contribuyendo a una vida útil más prolongada.

La bague supérieure est usinée avec une précision comparable à celle d'un roulement, procurant une élévation rigoureusement précise de la tige à piston pour une durée de vie supérieure.

Non-Stick Back-Up Ring enhances performance through improved oil and gas pressure sealing.

El aro de respaldo antiadherente optimiza el desempeño al sellar mejor la presión del aceite y del gas.

L'anneau de sauvegarde antiadhésive améliore les performances grâce à une étanchéité améliorée par pression d'huile et de gaz.

ⓘ CHARGED LIFT SUPPORTS ARE DESIGNED TO BE USED EXCLUSIVELY FOR THE PURPOSE SPECIFIED IN APPLICATION CHARTS. Tech Support 1-888-565-9632

STRONGARM[®] PROGLIDE[™] TAILGATE ASSIST

Tailgates Never Had It So Easy.

10 SKUs covering
34 million domestic
and import VIO

Engineered in US to
OE quality standards
for performance and
durability

1 year limited
warranty

IATF 16949, ISO 9001
certified; passes extensive
quality checks and testing

StrongArm[®] ProGlide[™] Tailgate Assist utilizes a damping strut to safely and slowly lower the tailgate, and keep it gliding down smoothly while controlling the drop rate. It is designed to make tailgate operation smooth and easy. StrongArm[®] ProGlide[™] Tailgate Assist is the ideal upgrade aftermarket accessory for older model pickup trucks and replacement for late model trucks.

- No-drill installation
- Only one needed (for the driver's side of the gate)
- Safely and slowly lowers tailgate
- Longer life for cables and hardware

The **STRONG ARM**[®] Gas Charged Lift Supports are intended for use **ONLY** in motor vehicles as set forth in this application guide. USE IN ANY OTHER APPLICATION IS IMPROPER AND MAY LEAD TO MALFUNCTIONS OR SERIOUS PERSONAL INJURIES. With respect to any application other than those set forth herein, Strongarm, LLC. MAKES NO EXPRESS OR IMPLIED WARRANTIES OF ANY KIND, INCLUDING ANY WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE.

When used in accordance with the foregoing Application Guide, Strongarm, LLC. warrants the **STRONG ARM**[®] Gas Charged Lift Supports against any defects in manufacturing or workmanship for a period of one year from installation. This limited warranty does not apply to: (1) any product altered or subjected to abuse, neglect, or accident, or (2) any product that is improperly installed. To make a claim under this limited warranty, return the product to the Strongarm, LLC. supplier from whom it was purchased for certification and replacement. **Strongarm, LLC.'s SOLE OBLIGATION UNDER THIS LIMITED WARRANTY IS REPLACEMENT OF THE DEFECTIVE PRODUCT; COSTS OF REMOVAL AND INSTALLATION ARE NOT INCLUDED. Strongarm, LLC. SHALL NOT BE LIABLE FOR INCIDENTAL OR CONSEQUENTIAL DAMAGES. THESE LIMITATIONS ON LIABILITY SHALL BE APPLICABLE TO ANY CLAIMS PRESENTED TO Strongarm, LLC., REGARDLESS OF THE LEGAL THEORY FORMING THE BASIS OF SUCH CLAIM, AND WHETHER SUCH THEORY INVOLVES NEGLIGENCE, CONTRACTUAL LIABILITY, OR OTHERWISE.** Except as set forth above, **Strongarm, LLC. DISCLAIMS ANY AND ALL EXPRESS WARRANTIES, ALL IMPLIED WARRANTIES, INCLUDING ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, ARE LIMITED IN DURATION TO ONE YEAR FROM INSTALLATION.**

Some states do not allow limitations on how long an implied warranty lasts, so the above limitation may not apply to you. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you. This limited warranty gives you specific legal rights, and you may also have other rights which vary from state to state.

Les supports éleveurs à gaz **STRONG ARM**[®] sont destinés **UNIQUEMENT** aux applications automobiles tel qu'indiqué dans ce guide. TOUTE UTILISATION AUTRE QUE CELLES MENTIONNÉES N'EST PAS PERMISE ET POURRAIT ENGENDRER UNE ANOMALIE DE FONCTIONNEMENT ET DE GRAVES BLESSURES. Pour toute application qui n'est pas indiquée dans ce Guide, AMV N'ACCORDE AUCUNE GARANTIE EXPLICITE OU IMPLICITE, OU TOUTE AUTRE GARANTIE DE QUALITÉ MARCHANDE OU ADAPTABLE À UN USAGE PARTICULIER.

Lorsqu'ils sont utilisés conformément aux applications précitées dans ce Guide, Strongarm, LLC. garantit les supports éleveurs à gaz **STRONG ARM**[®] contre tous défauts de fabrication et de main-d'œuvre pour une période d'un an à compter de la date d'installation. Cette garantie limitée ne s'applique pas : (1) à tout produit modifié ou soumis à un usage abusif, à des négligences ou à des accidents, ou (2) à tout produit incorrectement installé. Pour toute réclamation en vertu de la présente garantie limitée, le produit doit être retourné au détaillant ayant vendu le produit à l'origine pour la vérification et le remplacement du produit. **L'OBLIGATION DE Strongarm, LLC. SE LIMITE AU REMPLACEMENT DU PRODUIT DÉFECTUEUX; LES COÛTS DE DÉMONTAGE ET D'INSTALLATION NE SONT PAS INCLUS. Strongarm, LLC. NE SERA PAS TENUE RESPONSABLE DE TOUT DOMMAGE DIRECT ET CONSÉCUTIF. CES LIMITATIONS DE RESPONSABILITÉ S'APPLIQUENT À TOUTES LES RÉCLAMATIONS PRÉSENTÉES À Strongarm, LLC., SANS ÉGARD À LA THÉORIE JURIDIQUE À LA BASE DE LA RÉCLAMATION, PEU IMPORTE QUE CETTE THÉORIE COMPRENNE UNE RESPONSABILITÉ CONTRACTUELLE POUR NÉGLIGENCE, OU AUTREMENT.** Sauf les clauses définies ci-dessus, **Strongarm, LLC. REJETTE TOUTES GARANTIES IMPLICITES OU EXPLICITES, INCLUANT LES GARANTIES DE QUALITÉ MARCHANDE ET DE COMPATIBILITÉ À UN USAGE SPÉCIFIQUE, LA GARANTIE EST LIMITÉE À UN AN SUIVANT L'INSTALLATION.**

Dans certains États et provinces, les limitations afférentes à la durée d'une garantie implicite ne sont pas permises et, ainsi, il se peut que les limitations précitées ne s'appliquent pas à vous. Dans certains États et provinces, l'exclusion et les limitations afférentes aux dommages accessoires et indirects ne sont pas permises et, ainsi, il se peut que les limitations précitées ne s'appliquent pas à vous. La présente garantie vous donne des droits spécifiques, et il se peut que vous ayez d'autres droits qui varient selon les États et les provinces.

Los soportes elevadores de gas **STRONG ARM**[®] están diseñados para usarse **SOLAMENTE** en vehículos automotores según lo estipulado en esta guía de aplicaciones. EL USO EN CUALQUIER OTRA APLICACIÓN ES INCORRECTO Y PUEDE OCASIONAR FALLAS O LESIONES FÍSICAS GRAVES. Con respecto a cualquier otra aplicación distinta de las aquí establecidas, Strongarm, LLC. NO OTORGA NINGÚN TIPO DE GARANTÍA, NI EXPLÍCITA NI IMPLÍCITA, INCLUYENDO TODA GARANTÍA DE COMERCIALIZACIÓN O DE APTITUD PARA UN USO DETERMINADO.

Siempre y cuando la utilización se realice de acuerdo con la Guía de Aplicaciones anterior, Strongarm, LLC. garantiza los soportes elevadores de gas **STRONG ARM**[®] contra cualquier defecto de fabricación o mano de obra durante un período de un año a partir de la fecha de instalación. Esta garantía limitada no rige para: (1) cualquier producto que haya sido alterado o que haya sido objeto de abuso, negligencia o accidente, o (2) cualquier producto que no se haya instalado correctamente. Para presentar un reclamo bajo esta garantía limitada, devuelva el producto al proveedor Strongarm, LLC. donde fue adquirido para iniciar el proceso de certificación y reemplazo. **LA ÚNICA OBLIGACIÓN DE Strongarm, LLC. BAJO ESTA GARANTÍA LIMITADA ES EL REEMPLAZO DEL PRODUCTO DEFECTUOSO; LOS COSTOS DE DESINSTALACIÓN E INSTALACIÓN NO ESTÁN INCLUIDOS. Strongarm, LLC. NO ASUME NINGUNA RESPONSABILIDAD POR DAÑOS INDIRECTOS O EMERGENTES. ESTAS LIMITACIONES DE RESPONSABILIDAD RIGEN TODO RECLAMO PRESENTADO ANTE Strongarm, LLC., INDEPENDIENTEMENTE DE LA DOCTRINA JURÍDICA QUE SUSTENTE TAL RECLAMO, Y DE SI DICHA DOCTRINA INCLUYE O NO NEGLIGENCIA, RESPONSABILIDAD CONTRACTUAL O CUALQUIER OTRO ARGUMENTO.** Con excepción de lo arriba establecido, **Strongarm, LLC. NO ASUME RESPONSABILIDAD ALGUNA POR NINGUNA GARANTÍA EXPLÍCITA E IMPLÍCITA, INCLUYENDO TODA GARANTÍA DE COMERCIALIZACIÓN O APTITUD PARA UN FIN DETERMINADO. TODA GARANTÍA ESTÁ LIMITADA EN DURACIÓN A UN AÑO A PARTIR DE LA FECHA DE INSTALACIÓN.**

Algunos estados no permiten limitaciones de la duración de las garantías implícitas, así que la limitación anterior puede no ser válida en su caso. Algunos estados no permiten la exclusión o limitación de daños indirectos o emergentes, así que la limitación anterior puede no ser válida en su caso. Esta garantía limitada le confiere derechos legales específicos, y es posible que tenga otros derechos, los cuales pueden variar entre un estado y otro.
